CFOP 170-1, Chapter 9, Newborn or Other New Children in Household with Active Investigation or Ongoing Services, sets out the procedure that must occur before the case is staffed with CLS. We will review the CFOP requirements for child welfare professionals and discuss the updated CLS staffing forms. Guidance will be provided on what we must do at the completion of the staffing to ensure that our decisions are documented and followed. Through proper documentation and follow through, the safety of all of our children is ensured.
